

Kit Batik 2.0

The evolution of Kit Batik. Now fully automatic.

With Kit Batik you can create colour and special dyeing effects, on both denim and ready to dye garments.

Special effects that add value to your garment and that you can create, control and repeat with Tonello technology.

As often as you like. In every combination you can think of.

In a simple, versatile, completely automatic way.

Economic and ecological.

Antarctic Batik;

Multicolor Batik;

Rain Batik;

Dirty Batik;

Ice Batik;

Batik Fading.

Kit Batik can also be used to apply a wide range of products on ready-made garments.

Kit Batik goes beyond the fashion-effect and frees up the full potential of a garment, it can also be used to apply many products to have the precise performance you want.

Even with existing Tonello machines.

Eco-softeners;

Performance resins;

Anti-stain, anti-stress and wrinkle free products;

Anti-static and hydrophilic softeners;

Water and oil repellent products;

Resins for 3D whiskers/creases;

Anti-UV and antibacterial products;

Easy care and skin care products;

Essences.

Kit Batik is now fully automatic and requires no manual handling or special preparations.

The secret of your success is a secret no more. It's Kit Batik.
